PanglaoDB_Augmented_2021
protein localization to vacuole (GO:0072665)
defense response to symbiont (GO:0140546)
vesicle fusion with endoplasmic reticulum-Golgi intermediate compartment (ERGIC) membrane (GO:1990668)
positive regulation of cell morphogenesis involved in differentiation (GO:0010770)
regulation of substrate adhesion-dependent cell spreading (GO:1900024)
positive regulation of toll-like receptor 9 signaling pathway (GO:0034165)
synaptic transmission, glutamatergic (GO:0035249)
glutamate receptor signaling pathway (GO:0007215)
defense response to virus (GO:0051607)
antigen processing and presentation of peptide antigen via MHC class I (GO:0002474)
