

GO_Biological_Process_2021

transmembrane receptor protein tyrosine kinase signaling pathway (GO:0007169)

modulation of chemical synaptic transmission (GO:0050804)

anterograde trans-synaptic signaling (GO:0098916)

chemical synaptic transmission (GO:0007268)

potassium ion transport (GO:0006813)

synapse organization (GO:0050808)

regulation of synaptic transmission, glutamatergic (GO:0051966)

regulation of cation channel activity (GO:2001257)

axonogenesis (GO:0007409)

nervous system development (GO:0007399)
