

GO_Biological_Process_2021

neuron projection morphogenesis (GO:0048812)
axonogenesis (GO:0007409)
cell morphogenesis involved in neuron differentiation (GO:0048667)
stress-activated MAPK cascade (GO:0051403)
protein phosphorylation (GO:0006468)
protein dephosphorylation (GO:0006470)
regulation of vascular associated smooth muscle contraction (GO:0003056)
axon guidance (GO:0007411)
neural crest cell development (GO:0014032)
cellular response to oxidative stress (GO:0034599)
